- No limit to the number.
- Candidates must meet the hiring requirements.
- When your referral has worked 100 days, **you and your referral get \$100 each!** All compensation is payable after the length of service requirement has been met and validated. Payment is made to active team members only.
- If you refer a person who previously worked for us, you and the rehired employee will be eligible for the bonus only if the rehired employee last worked in 2018 or earlier. If you are on approved leave on the eligibility date, we will defer any bonus payment until you return from leave. If the person you refer is on approved leave on the eligibility date, we will defer the bonus payment to both of you until your referral returns from leave.
- This program runs in the USA until December 31, 2020.
